### Product Dimension:

### Installation

1. Take out lamp head and other the assembly parts.
2. Thread the input wire into the rod that is marked with upward arrow.
3. Fixed the lamp head and rod by 2 pieces M4\*12 head screws.
4. Refer to step 3 and use the M4\*12 head screws to fix the other two rods to the lamp head.
5. Put 3 rods into the lamp pole accordingly.
6. Put 6 pieces M4\*12 head screws on the jig that is designed for the inside screw holes of the lamp pole.
7. Put the screw jig align with the screw holes in lamp pole, fix all screws by tool, then take out the jig and tighten the screws up.
8. Wiring.
9. Finish the assemblage.
