

INSTALLATION:

1. Unscrew door with Phillips screwdriver by loosening (2) screws. Confirm junction box size and junction box mounting provisions to that of the light fixture.
2. Attach the light fixture to the junction box or mounting surface.
3. Attach the appropriate wires to the light fixture wires, green to green, black to black and white to white. Secure each wire pair with a wire nut. (Wiring instruction FYI.)
4. Close the door and tighten(2) screws on the door lens. Nothing should be trapped in the gasket sealing area when the door is closed.

MAINTENANCE CAUTION:

1. Review the diagrams before beginning, and make sure the fixture is grounded properly.
2. Turn the power off and wait for fixture cooling to operate.
3. This fixture has to be installed or maintenance in accordance with the application code by a professional person who familiar with the construction and operation of the product and the hazards involved.

WARRANTY:

5-YEAR WARRANTY.

If this product fail to perform satisfactorily due to defect or poor workmanship within five years from the date of purchase, return it to the place of purchase and it will be replaced, free of charge. Incidental or consequential damages are excluded from the warranty.

LED Adjustable Wall Pack

Installation Instructions

20W/40W/60W/80W/100W/120W
